# How are we aiming to improve links with SAFEGROUNDS and SD:SPUR?

- Reviewing the network and determine appropriate levels of membership to include:
  - Nuclear Decommissioning Authority
  - Regulators – EA, SEPA, HSE NII
  - Site license companies – Sellafield, Magnox North and South, DSRL, LLWR etc
  - AWE, MoD and DE
  - Non-governmental organisations and community based organisations
- Sharing of best practice, information, case studies and experiences
- Explore synergies with nuclear and non-nuclear sectors to promote best practice and initiatives

## ...linking with SAFEGROUNDS and SD:SPUR

- Permanent agenda item on SAFEGROUNDS and SD:SPUR PSG meetings
- Hold joint events – consultations, regulatory updates, good practice etc
- Working with other professional institutions and schemes including BNES, NIA and Empower (graduate scheme) – recommended by PSG's
- Optimise business networking opportunities
- Platform to showcase learning experiences from Tier 1 organisations

A forum to share good practice and support the development of consistence approaches impacting across the nuclear the supply chain

# Development and maintenance of the SAFESPUR Forum

- Continue to deliver four events per annum through a well established network of stakeholders focused for the supply chain.
- Committee meeting in January 2010 – discuss forward programme
- Seeking and exploring continued supported from the nuclear supply chain – [www.safespur.com/how\\_to\\_join.htm](http://www.safespur.com/how_to_join.htm).
